

**Join us for a screening of the
groundbreaking documentary**

Invisible children

In 2003, three young Americans traveled to Uganda in search of a film-worthy adventure. Instead, they found a story that permanently changed their lives.

All proceeds from this screening will go to World Vision, a faith-based relief and development organization working in Uganda and worldwide. For more information on the film or World Vision visit: www.invisiblechildren.com or www.worldvision.org
